## 2025 Academic Year Bio-SPMs Collaborative Research Research Report Summary

|                                                               |                                                        |                          |                          |
|---------------------------------------------------------------|--------------------------------------------------------|--------------------------|--------------------------|
| Title of the research project                                 |                                                        |                          |                          |
| PI<br><br>(Person in<br>charge of the<br>research<br>project) | Name                                                   |                          |                          |
|                                                               | Affiliated Institution and<br>Department/Division/etc. |                          |                          |
|                                                               | Position                                               |                          |                          |
| Bio-SPMs that you used<br><br>(Check the boxes)               |                                                        | <input type="checkbox"/> | Atomic resolution/3D-AFM |
|                                                               |                                                        | <input type="checkbox"/> | High-speed AFM           |
|                                                               |                                                        | <input type="checkbox"/> | SICM                     |
|                                                               |                                                        | <input type="checkbox"/> | AFM for Cell Measurement |
| Collaborative NanoLSI Faculty Members                         |                                                        |                          |                          |
| Describe the summary of the research project                  |                                                        |                          |                          |

\*This form (Form 3) will be open on the NanoLSI website in the following academic year.

\*Note that this form should be prepared in one A4-size paper.

\*Submission Deadline: May 8, 2026 (Friday). **Submit it as a PDF file.**

\*Submission Destination: the person in charge of Bio-SPMs collaborative research at WPI-NanoLSI, Kanazawa University

Email: [nanolsi\\_openf01@ml.kanazawa-u.ac.jp](mailto:nanolsi_openf01@ml.kanazawa-u.ac.jp)
