

## WPI Nano Life Science Institute (WPI-NanoLSI), Kanazawa University

### 14<sup>th</sup> Bio-SPM Summer School Application Form

Last Name:		First Name:	
Gender:	<input type="checkbox"/> Male <input type="checkbox"/> Female	Nationality:	Position/grade:
Affiliation	(University/Institute) (Department, Section, Lab Name) (Website, if available)		
Postal Mail Address of your lab			
E-mail Address			
Preferred Technique Please select <b>one</b>	<input type="checkbox"/> Atomic resolution/3D-AFM	<input type="checkbox"/> High-speed AFM	<input type="checkbox"/> AFM for cell measurement
<input type="checkbox"/> The applicant has reviewed the "14 <sup>th</sup> Bio-SPM Summer School Application Guidelines" and understand them.			
Membership (If Any)	<input checked="" type="checkbox"/> NanoLSI Associate (Graduates of the WISE Program for Nano-Precision Medicine, Science, and Technology, at Kanazawa University)		

Title of Your Proposal:

(Please delete this box after reading)

Describe the samples/phenomena that you would like to observe using our Bio-SPM techniques, as well as the necessity or significance of the observation. Figures and tables can be added as needed.

\* Please describe the purity of the samples you can prepare if the samples are proteins.

\* The following samples will **not be accepted**.

- Genetically modified organisms at P2 level or higher, pathogenic microorganisms and viruses at BSL level 2 or higher, and other regulated items.

- Samples that cannot be brought into Japan due to legal restrictions (for applicants applying from overseas.)

- Items requiring a permit application for use.
